COMFORT-2 FLEX THERAPY CHAIR

WITH EXCHANGEABLE UPHOLSTERY

Electronic adjustments

Multiple independent adjustment possibilities by 3+1 motors offer maximum patient comfort, plus a reduction in work for staff.

- backrest
- seat tilt
- legrest
- footrest (optional)

Tilt-up armrest

The solid upholstered armrest with height and longitudinal adjustment makes it possible to achieve the most suitable and restful arm position for any physique.

The multilayered soft armrest cushion is completely sealed against liquids and ensures improved patient comfort.

The distance between the armrests can be adjusted to 48 or 60 cm.

Exchangeable upholstery

Can be removed easily with a few movements for cleaning or maintenance. It has been designed according to the latest developments in orthopaedics and ergonomics.

Motorised footrest

The patient can adjust electrically the position of the upholstered footrest to the most suitable and relaxing position at any time. Manual footrest adjustment is standard.

Entry position

Adjustability of the Integrated table and Tilt-up armrest allows the patient to easily enter or leave the chair

Trendelenburg position

The backrest adjusting range ensures that the patient's head is lower than the circulatory centre point of the body in compliance with EN 60601 Medical Standard

* Chairs in the photo involve some optional elements

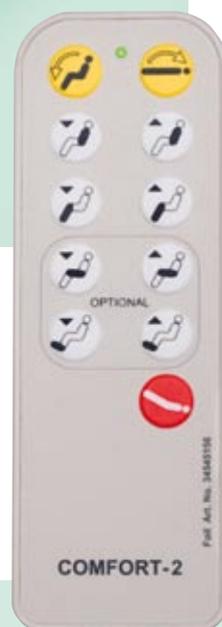

Easy-to-use 11 buttons handset

Automatic buttons

- One button operation for "Entry", perfectly horizontal "Bed" and "Trendelenburg" position

- The head-down position can be reached easily from any previous one by using the red button.
- Especially designed for medical applications

- Long-life micro-switches are located under an exchangeable keypad foil
- IP 67 Waterproof housing

COMFORT-2

Prod. Art. No. 3446316
