COMFORT-4 ECO THERAPY CHAIR

WITH VARIABLE HEIGHT

Electronic adjustments

Multiple independent adjustment possibilities offer maximum patient comfort, plus a reduction in work for staff. (4+1 motors)

- backrest
- seat tilt
- legrest
- seat height
- footrest (optional)

Tilt-up armrest

The solid upholstered armrest makes it possible to achieve the most suitable and restful arm position. It can be adjusted in height and entry is facilitated by simply tilting it up. The multilayered soft armrest cushion is completely sealed against liquids and ensures improved comfort.

Battery back-up (optional)

Full operation from battery in case of power failure with Audio alarm.

Footrest adjustment

The patient can adjust electrically the position of the upholstered footrest to the most suitable and relaxing position at any time.

Manual footrest adjustment is standard.

Exchangeable upholstery

Can be removed easily with a few movements for cleaning or maintenance. It has been designed according to the latest developments in orthopaedics and ergonomics.

Entry position

Electronic height adjustment and Tilt-up armrest allowing the patient to easily enter or leave the chair

Trendelenburg position

The backrest adjusting range ensures that the patient's head is lower than the circulatory centre point of the body in compliance with EN 60601 Medical Standard

* Chairs in the photo involve some optional elements

Easy-to-use 13 buttons handset

Automatic buttons

- One button operation for "Entry", perfectly horizontal "Bed" and "Trendelenburg" position

- The head-down position can be reached easily from any previous one by using the red button.
- Especially designed for medical applications

- Long-life micro-switches are located under an exchangeable keypad foil
- IP 67 Waterproof housing
